

Punta USB 3.0 ETHERNET NETWORK ADAPTER

Features :

- Portable Device.
- Compact Design.
- Plug and play Device.
- Enables a fast and stable data connection to Ethernet network.
- Interface: 10/100/1000Mbps RJ45 Ethernet & USB 3.0 Type-C
- System Requirements Windows (XP/Vista/7/8/8.1/10)Max OS X (10.6/10.7/10.8/10.9/10.10/1011), Linux OS Other CE,FCC, RoHS
- Operating Temperature: 0 °C-40° C (32 °F-104 °F)
- Storage Temperature: -40 °C-70° C (-40 °F-58 °F)
- Operating Humidity: 10%-90% non-condensing - Storage Humidity: 5%-90% non-condensing
- Warranty 1 Year

Product Description

Introducing our high-performance USB Type C 3.0 to Ethernet Network Adapter, designed to enhance your network connectivity options. With this adapter, you can easily connect your USB Type C 3.0-enabled devices to wired Ethernet networks, ensuring fast and reliable internet connections. Our adapter utilizes USB 3.0 technology, delivering lightning-fast data transfer speeds for seamless network performance. Experience high-speed data transmission with a

maximum transfer rate of up to 5 Gbps, allowing for quick file transfers and smooth streaming. The compact and user-friendly design of our adapter makes it a convenient travel companion. Simply plug it into your USB Type C 3.0 port, and you can instantly access Ethernet networks without the need for complex installations or drivers. Enjoy broad compatibility with various devices and operating systems, including Windows, Mac OS, Linux, and more. Our adapter ensures seamless network connectivity across different platforms, keeping you connected and productive. Crafted with quality materials, our USB Type C 3.0 to Ethernet Network Adapter offers durability and long-lasting performance. We are committed to delivering reliable products, which is why we provide a generous warranty for your peace of mind. **Features :**
